

HAMBURG CONVENTION BUREAU SERVICE PROVIDERS IN FOCUS

Dear ladies and gentlemen,

The success of an event depends on several factors. An integral component, however, is the smooth interaction of different service providers in scheduling, implementing and delivering the event. Especially with this aspect in mind, an event location can only be as good as the individual service providers and the local networks involved.

This is why the Hamburg Convention Bureau has set itself the task of promoting exchange and collaboration between the relevant service providers, thereby strengthening Hamburg also in the long term.

Coming from a strong industry, a dedicated circle of service providers from the MICE segment has committed to continuously work towards improving Hamburg as a location and to systematically attract event planners to Hamburg. We are presenting these service providers in this brochure. Our ultimate goal is to highlight Hamburg's strength as a reliable and innovative partner for you and your event.

Let Hamburg convince you with its close-knit and multi-faceted event sector, whose stakeholders are jointly working on realising your projects – hand in hand and with the highest professional standards.

 www.the-new-cch.com

The CCH – Congress Center Hamburg is one of the largest convention centers in Europe. Since January 2017 it has been undergoing extensive modernization and renovation. Once completed in 2019, the new CCH will be ideally suited to meet the changing requirements of modern congresses and events – with 12,000 square meters of exhibition space, 12,000 square meters of foyer space, and seating for 12,000 participants in up to 50 halls.

But not everything will change following modernization: the CCH's location – in the heart of the city, with short distances to hotels and to the Dammtor railway station – will be as attractive as ever and adds to the CCH's position as a top-class international congress center.

www.gastwerk-hotel.com

About 120 years ago the old gasworks provided light to the streets and houses in Hamburg's western districts for the first time. Today, the imposing industrial monument of brick and steel houses a very special hotel: The Gastwerk Hotel Hamburg - Hamburg's first design hotel. The light-flooded brick-walled lobby with its 600 square metres reflects the loft character of the hotel, the 141 rooms, lofts and suites as well as seven meeting and group work rooms with state-of-the-art conference technology. The onsite restaurant Mangold, the cosy L.BAR, the DaySpa and 70 free parking spaces cater for guests needs at various levels.

The Grand Elysée Hotel Hamburg is situated in close proximity to the Dammtor railway station and not far from the Alster Lake and the city centre. Northern Germany's largest privately owned hotel has 30 meeting rooms with a total event area of 4,200 square metres. Most of the rooms can be flexibly adjusted to size, creating a wealth of options for group workrooms, workshops or exclusive break time areas.

The hotel's grand ballroom extends over two levels, and with its separate foyer and driveway it is ideally suited for congresses, general meetings and festive gala events.

www.schuppen52.de

The listed Schuppen 52 in the port of Hamburg is a historic quay-side storage facility – one of the few that are still preserved to-day, and the only one available for events. This truly maritime location breathes a century of sea-faring and port history and offers a unique panoramic view of Hamburg over the River Elbe.

On a floor space of about 6,000 square metres the Schuppen 52 can accommodate up to 3,000 people. The venue can be partitioned according to needs and features up-to-date infrastructure. The location is only a few minutes by car from both the city centre and the motorway and can also be reached by boat.
